

DO IT YOURSELF WORKSHOP

DIY Assistive Technology

Do you or someone you know lead an independent life using assistive devices such as...

- A wheelchair?
- A walker?
- A scooter?
- Crutches or a cane?
- Electronic devices with special access software?

If so, please come to our **Assistive Technology Do It Yourself Workshop**.

Thursday
January 12
2pm

Presented by Resources for Independence Central Valley (RICV), this program will show you how to get the most out of your devices.

**Sunnyside
Regional Library**

5566 E. Kings Canyon Rd.
