Ribbon Cutting Ceremony for Library's New Citizenship Corner

Downtown Fresno's Central Library will host the ribbon-cutting ceremony for its new Citizenship Corner on Friday, December 4, 2015 at 11:00 AM. The Citizenship Corner is a partnership between the Fresno County Public Library (FCPL) and the United States Citizenship and Immigration Services. It will provide information on obtaining United States citizenship and naturalization.

The Citizenship Corner will be available at the following six branches: Central, Kerman, Mendota, Orange Cove, Parlier and the Selma. Dedicated space in each branch will provide information on general citizenship, application forms for naturalization, citizenship test preparation information, California AB60 driver's license information and financial literacy for New Americans information.

"With over 60,000 permanent residents in Fresno County who are eligible to become United States citizens, the Library believes this is a resource that will be well-utilized," said County Librarian, Laurel Prysiazny.

For further information and a complete list of all Library locations and hours, please visit the Library at www.fresnolibrary.org or call (559) 600-READ (600-7323).
